The multiverse is a hypothetical group of multiple universes including the universe in which we live. Together, these universes comprise everything that exists: the entirety of space, time, matter, energy, the physical laws and the constants that describe them. The different universes within the multiverse are called "parallel universes", "other universes", or "alternative universes".

Corporations and Small Business Owners Also Pay No Income Tax During Bad Years. As this analysis notes, in addition to paying other taxes each year (many of which involve significant tax burdens), most people who do not pay federal income tax in a given year do pay that tax over time. For example, more than half of the tax filers who received the EITC between 1989 and 2006 received the credit ...
