Biological Risk Assessment 9 Section IIâ€”Biological Risk Assessment Risk assessment is an important responsibility for directors and principal

### **Section IIâ€”Biological Risk Assessment**

Risk is the possibility of losing something of value. Values (such as physical health, social status, emotional well-being, or financial wealth) can be gained or lost when taking risk resulting from a given action or inaction, foreseen or unforeseen (planned or not planned). Risk can also be defined as the intentional interaction with uncertainty. ...

### **Risk - Wikipedia**

In economics and finance, risk aversion is the behavior of humans (especially consumers and investors), who, when exposed to uncertainty, attempt to lower that uncertainty. It is the hesitation of a person to agree to a situation with an unknown payoff rather than another situation with a more predictable payoff but possibly lower expected payoff. For example, a risk-averse investor might choose ...

Contract Review Program. Overlooking the fine print in a contract can hurt your municipality or public school. Before you sign any contract, CIRMA recommends a review by the CIRMA Contract Review team to ensure that your municipality or Board of Educationâ€™s interests are protected and that you are not unintentionally assuming risk.
