The world in balance sheet recession - paecon.net

Politics (from Greek: Πολιτεια , translit. Politik , meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...

Seventeen countries have been FIFA World Cup hosts in the competition's twenty tournaments since the inaugural World Cup in 1930. The organization at first awarded hosting to countries at meetings of FIFA's congress. The choice of location was controversial in the earliest tournaments, given the three-week boat journey between South America and Europe, the two centers of strength in football at ...

A new survey report looks at attitudes among Muslims in 39 countries on a wide range of topics, from science to sharia, polygamy to popular culture. The survey finds that overwhelming percentages of Muslims in many countries want Islamic law to be the official law of their land, but there is also widespread support for democracy and religious freedom.
